

FAMILY OF JAMES WALSH OF BALLINABARNEY, CO. WICKLOW

straight bar = Lineal descendent dotted bar = marriage + = sister/brother double line = generation marker
 ? indicates a matching detail where name/ date etc fits the tree 100%, but record found does not contain other names/details that would positively confirm

Griffiths Valuations for 1853 show a Thomas and a Patrick Walsh of Ballynabarney, Co Wexford - the only two Walshes listed for that area. Parish for both is given as Kilpipe. Kilpipe is some 20 miles north east of Ballynabarney, near Aughrim, Co. Wicklow, but this may have been the nearest Catholic parish in 1853. If this information does refer to ancestors, and the Patrick listed in Griffiths in the one below left (father of Moses) then more than likely Thomas is the father of Patrick (married to Ellen).
